SILVIA LUNA SUÁREZ

Maestría en Biotecnología Aplicada

Correo electrónico
silvials2004@yahoo.com.mx

Categoría
TITULAR B

Nombramiento
COLEGIADO

Áreas de investigación

Biotecnología Alimentaria y Agroindustrial. Modificación de proteínas con fines terapéuticos y tecnológicos. Expresión de proteínas de interés biotecnológico y producción de proteínas de interés industrial

Grado académico
Ingeniero Bioquímico por el Instituto Tecnológico de Jiquilpan. Jiquilpan, Mich.

Maestra en Ciencias en Biotecnología por el CINVESTAV Zacatenco, D.F.

Doctora en Ciencias en Biotecnología por el CINVESTAV-Irapuato.

Investigación
Trabajamos en el área de alimentos funcionales

Aislamiento y caracterización de péptidos y proteínas a partir de alimentos, estudio de las propiedades de interés tecnológico y biológico de los mismos.

Se hace la modificación de proteínas con fines terapéuticos y tecnológicos

Se trabaja en la producción de proteínas recombinantes de interés biotecnológico.
